Roger

Wife and William sailed on board the ship, working her way from the port of London to various destinations. They arrived in New York, where they settled and started a new life. William found work as a farmer, and Roger began a new career as a teacher. They had four children, three boys and a girl, and they lived happily ever after.

Information and Learning Resources Centre (ILRC)

Proposed Development

Modern Horizons - Reflecting upon the past and looking to the future.

- The ILRC offered a range of services to support students in their studies.
- The library and information resources were expanded to meet the needs of the student body.
- There was an increase in the use of technology and online resources.

The future plans, as announced in the following months, included:

- Continued expansion of the library and information resources.
- Improved accessibility to digital resources.
- Enhanced support for online learning and remote access.

The aim was to create a more student-friendly environment, support the academic needs of the students, and foster a culture of lifelong learning.

The success of the ILRC was celebrated with awards and recognition for its contributions to the academic community.

The image of a book and a pencil is shown to symbolize the importance of education and learning resources.

The next steps in the development of the ILRC will focus on:

- Enhancing accessibility and inclusivity.
- Investing in technology and digital platforms.
- Collaborating with other departments to provide integrated services.

The ILRC continues to strive for excellence, aiming to provide a learning environment that supports the academic success of students and the broader community.
